## ESG OPERATIONS, INC. LAUNCHES NEW WEBSITE

DULUTH, GA (MAY 24, 2006)–ESG Operations, Inc. announced today the launch of its newly-designed website:

[www.esginc.net](http://www.esginc.net)

ESG Operations, Inc. brings a professional engineering approach to contract operations and utility management, project delivery and client service, and subsequently has generated one of the fastest growing and most successful contract operations businesses in the U.S. The success of ESG Operations is based on an unparalleled commitment to our clients, our associates, and to our core beliefs and principles.

The new website includes:

- Services provided by ESG
- The ESG Difference
- Benefits of a Partnership with ESG
- Recent Case Studies
- Top Ten Facts About Public-Private Partnerships
- Employment Opportunities

“Our newly-designed website will provide everyone with easy access to information regarding our company, the services we provide, and employment opportunities available,” said John Eddlemon, ESG Partner. It is important that our site accurately reflects our company, our values, and the importance that we place on excellence in every area of business and customer service. The ESG Team is committed to providing unparalleled professional engineering and operations services to our clients and the communities we proudly serve.

### ABOUT ESG

ESG has 10 offices located in Georgia, Florida, Alabama and Mississippi. Since our incorporation in 2001, ESG has become one of the most successful utility management and engineering companies in the country. ESG is proudly 100% employee owned and operated. ESG's Team of over 200 professionals provides unsurpassed knowledge and expertise, along with unparalleled client service, while enhancing the value of clients' assets. The mission and ultimate desire of ESG is to provide clients with the highest level of personal commitment, state-of-the-art tools and approaches, and an unrivaled work ethic. ESG's corporate headquarters is located in Duluth, Georgia.
