WAKULLA COUNTY, FLORIDA SELECTS ESG OPERATIONS, INC. FOR LONG-TERM PUBLIC WORKS MANAGEMENT CONTRACT

Partnership with ESG

DULUTH, GA (JANUARY 2, 2007)–Wakulla County, Florida (County) has selected ESG Operations, Inc. (ESG) to manage the County's public works and utility departments. ESG transitioned the County's Public Works Department on December 1, 2006. The ESG–Wakulla County Partnership will bring over 40 new associates to ESG.

“We are excited about this great opportunity to bring world class utility management services to Wakulla County,” said John F. Eddlemon, P.E., Vice President of ESG Operations, Inc. “We look forward to making the ESG–Wakulla County Partnership an industry-leading system.”

“I am excited Wakulla County has a partner with the skills to provide our citizens quality public works while also providing local leaders innovative solutions to meet expanded requirements in our rapidly growing county. Wakulla County has a bright future and ESG will be a large part of our success,” said Ed Brimmer, Wakulla County Commissioner.

The 10-Year Partnership calls for ESG to operate, maintain and manage Wakulla County's entire Public Works System, which consists of wastewater treatment, water treatment, roads and bridges, fleet maintenance, and landfill management engineering services for the County's 30,000 citizens.

ABOUT WAKULLA COUNTY

Wakulla County, located only twenty miles from Florida's capital city of Tallahassee, is one of Florida's fastest growing counties due to its great location, high quality of life, and its beautiful, natural surroundings. There are 11,634 households to house the booming population. Located in the panhandle of Florida, the county is nestled by the Gulf of Mexico and the Apalachicola National Forest.

ABOUT ESG

ESG Operations, Inc. is one of the nation's fastest growing full service utility management and engineering companies. We provide innovative solutions to a wide range of environmental and infrastructure projects. Our background consists of extensive experience as both design engineers and contract utility operators. This unique blend of skills enables us to develop innovative, cost effective approaches to meet your specific utility needs. ESG's corporate headquarters is located in Duluth, Georgia.
